

## **PRESpray AND TRAFFIC LANE CLEANERS**

### **Enzyme Prespray™** **Carpet Prespray**

A powerful stain eating, enzyme prespray concentrate for use on carpet and fabrics. This product is effective on a variety of tough stains including: blood, grass, cooking fats, shoe polish and cosmetic stains.

### **TopCare® Grime Release Pro™** **Traffic Lane Pre-Conditioner**

A premium concentrated preconditioning carpet cleaner. Up to 32-1 dilution delivers cost effective, high quality carpet cleaning. It is ideal for routine cleaning, with the power to clean heavily soiled carpet. Use in homes, offices, restaurants, anywhere there's dirt, grease and oil.

### **Erase Traffic Lane Cleaner™** **Prespray for Carpet**

This highly effective traffic lane cleaner is especially effective on grease spots, oil stains and ground-in dirt. Makes a great prespray for restaurants or extremely dirty areas when diluted 1 part to 10 parts water.

### **TopCare® Premium Olefin Prespray™** **Traffic Lane Cleaner**

This prespray is specially designed to pre-treat olefin (polypropylene) fibers. Cleans deep soil, removes or reduces yellowing and discoloration caused by oil and soil attraction to olefin fiber.

## **EXTRACTION CLEANERS - POWDER**

### **Booster Powder™** **Oxygen Releaser**

This is a fast acting additive for use in carpet, upholstery, and hard surface cleaning solutions. It leaves surfaces looking cleaner and brighter.

### **Fury™** **Dry Slurry**

The expanded surfactant system in this product cuts through grime, emulsifies grease and oil and lifts particulate soils. Low foaming.

### **Extreme™** **High Heat Extraction Powder**

This product is specially formulated for truckmount units that produce super-heated cleaning solutions. It is excellent for cleaning residential and commercial carpets. Low foaming.

### **Heavy Duty Powder™** **Powdered Extraction Cleaner**

This powerful product dissolves rapidly to provide a highly effective extraction detergent solution. Built-in water conditioners ensure optimum operation of equipment in virtually all water conditions. Not recommended for 5<sup>th</sup> generation nylon.

### **TopCare® Premium Extraction Powder™** **Extraction Cleaner**

This carpet extraction detergent is excellent for cleaning residential and commercial carpets. Its nonionic surfactant system dissolves easily to emulsifies oily soil. Meets specifications for use on stain-resistant carpet. Low foaming.

## **EXTRACTION CLEANERS - LIQUID**

### **Heavy Duty Liquid™** **Liquid Carpet Extraction Cleaner**

Cleaner designed for use in both truck mounted and portable carpet extractors. It quickly removes dirt, grease, oil and grime from carpets. Contains corrosion inhibitors and water softeners. Not recommended for 5<sup>th</sup> generation nylon.

### **TopCare® Premium Extraction Liquid™** **Hot Water Extraction Cleaner**

This is a powerful cleaning solution in an easy-to-use liquid. Builders and detergents, plus solvents quickly cut through tough soil and leave the carpet clean and fresh. It is powerful enough for commercial building and restaurant carpets, yet safe for residential carpet.

### **Prochoice 2000™** **Sanitizing Extraction Cleaner**

EPA registered, concentrated carpet extraction cleaner, sanitizer, deodorizer for hospital, institutional and industrial use. It is ideal for mold and mildew odor control.

## **DRY EXTRACTION**

### **Control™** **Dry Extraction Carpet Cleaner**

All organic powder recommended by dozens of carpet manufacturers worldwide to deep clean all types of carpet, including stain resistant carpets. Contains just the right amount of active ingredients to emulsify, absorb and extract soil and spots in one quick application. Carpets stay dry and can be walked on immediately after cleaning. It is excellent for spots, or for keeping traffic lanes clean.

### **Control Prespray™** **Carpet Prespray**

An all-purpose prespray designed for use with the CONTROL dry cleaning system. Helps to remove dirt, grease, oil and grime. This product acts quickly to emulsify problem areas prior to cleaning with CONTROL. Spray this ready to use product over those problem areas to improve the cleaning action of CONTROL.

## **BOOSTERS**

### **Citrazyme™** **Carpet Detergent Booster/Deodorant**

A powerful liquid emulsifier booster package that deodorizes while it helps break down oily soils and dirt for easy removal. Product can be added to most cleaners and has a pleasant orange fragrance.

### **G - Force** **Booster for Olefin and Other Cleaning Products**

This liquid booster formula helps break down oily, waxy and gummy soils. Special emulsifiers attack and breakdown dirt for easy removal of grease and oil stains. Can be added to most cleaners as a booster. **A MUST FOR OLEFINS.**

## **SPOTTERS**

### **De-Zov-All™** **Citrus Solvent**

The original citrus solvent solution, removes grease, tar, wax, adhesives, lipstick, gum, oil and much more. Product may be used undiluted or mixed with up to 40 parts water for general cleaning or traffic lane pre-treating. Care should be taken to dilute with water prior to spraying on carpet. This product is totally biodegradable, all organic and phosphate free.

### **Gel-Zov™** **D-Limonene Gel Spotter**

Simple to use, versatile all-purpose gelled spotter. Unique solvent and detergent formula easily removes gum, adhesives, tar, oils, grease, ink marker, and more. It remains on the carpet surface for effective stain removal. Gel-Zov rinses easily with water.

### **Ink Off™** **Ink & Stencil Remover**

Penetrates and removes common ink spots fast. It can be used on carpets, upholstery, fabrics, and hard surfaces. Ink-Off has a pleasant scent and rinses easily with water.

### **Java Jinx™** **Ready to Use Coffee, Tea and Tannin Stain Remover.**

This product has been specifically formulated for the removal of coffee, tea, tobacco, browning stains, rust and leaf stains from synthetic carpets and hard surfaces. Its specialized formulation contains several active stain fighters with complex blends of surfactants and reducing agents that act quickly to break down organic material and dissolve residues away leaving the treated area soft and clean.
