

Just Like Magic™ **Two Step Stain Remover**

The fast, easy to use stain remover. Just 2 Quick squirts and most organic stains disappear.... Instantly. Works on: Urine, Red Wine, Coffee, Mustard, and Vomit. No mixing, no waste, no expensive sprayers. Comes with a handy flip up spout.

Peerless Stain Remover™ **RTU Spotter**

An all purpose stain remover for Iodine, Betadine, grease blood, grass, chocolate, latex paint, oil, grime and catsup. Works equally well on carpets, rugs, upholstery and laundry. Just apply directly from bottle to stain. Products instantly starts working and most stains just disappear.

POGO™ **Water Free Spotter**

A versatile non - volatile dry spot remover for paint, oil, grease, gum, shoe polish, glue, nail polish and a wide range of organic spots.

Rust Out™ **Rust Stain Remover**

A quick and effective way to remove rust stains from carpets and floors. Apply to stain and agitate lightly. This product is organic, biodegradable and non-fuming.

Speedy™ **Powdered Stain Remover**

A quick and effective stain remover. Designed to remove coffee, tea, browning and hundreds more stains. Contains sodium metabisulfite as a stain remover.

Stain Blaster™ **Food Dye Remover**

This is a revolutionary new chemical blend that will safely remove Kool-Aid®, fruit punch, and food dye stains. Simply apply Stain Blaster to the stain and watch it fade before your eyes. Most stains will just disappear. Makes varnish and furniture stains almost disappear.

Stainoff Liquid™ **Food Dye Remover**

The original process for removal of food and beverage stains from carpeting using heat transfer. This product safely removes Kool-Aid®, fruit punch, and soft drink stains.

PET STAIN TREATMENTS

Flush Out™ **Urine Decontamination Pre-Treatment**

A powerful blend of ingredients that penetrates and dissolves and suspends urine salts for easier, more complete rinsing and removal. Helps prevent production of ammonia and the typical urine smell common when cleaning urine deposits. After treating the area with Flush Out, either extraction clean or apply Pet Stainoff. Flush Out can also be used to remove urine from wool rugs.

Pet Stainoff™ **Pet Stain & Odor Remover**

A bacterial enzyme chemical blend designed for the removal of stains and odors from fabrics or hard surfaces by bacterial digestion. Designed specifically for urine, vomit, or fecal matter.

Stain & Odor Buster™ (S.O.B.)

Harness the power of the atmosphere to permanently remove the stains and odors of pet contamination in one service call. Complete results in 30 minutes. Treat the carpet, the backing and the pad in one operation. No lingering fragrance makes this product ideal around perfume sensitive clients.

Yellow Out™ **Urine Stain Remover**

This powerful stain remover is designed for situations where the urine and odor are gone but the stain lingers. Spray Yellow Out directly on the stain and the stain will disappear. This product is not recommended for natural fibers like silk, cotton or wool.

CARPET SPECIALTY ITEMS

Foam Away™ **Defoamer**

Highly concentrated silicone emulsion anti-foam designed especially for a wide range of foam problems. Put 1-2 ounces into vacuum hose or pour into recovery tank.

Milban 1-2-3™ **Disinfectant / Mildewstat**

A new economical treatment for mold, mildew and odor causing bacteria. This EPA registered disinfectant/mildewstat is labeled specifically for the treatment of carpet, padding, subfloors, drywall, tackless strip, and frame and trim lumber. Listed applications also include water and smoke damage restoration. Recommended for category 1,2 and 3 flooding.

Rinse Plus **Encapsulating Rinse**

Specially formulated rinse designed to stop wick back, re-soiling and browning in carpets. Add to your extraction water to neutralize alkaline residue. Special polymers dry and crystalize to be vacuumed with soils.

TopCare® D-Brown-Pro™ **Tannin & Browning Control**

A mild acid product that removes browning and most tannin stains, neutralizes alkali residues and serves as an overall acid spotter. May be added to cleaning solution to prevent browning.

TopCare® Free Rinse Pro™ **Carpet Rinsing Agent**

Designed for application where zero residue or the removal of as much residue as possible is desired. This product should be added to the rinse water to remove detergent buildup and to control browning.

FIBER PROTECTORS

CR-10 Fiber Sealer™ **Silicone Fabric Protector**

A petroleum based silicone fabric protector that imparts an invisible protective seal against stains to textiles. It also enhances drying and subsequent re-cleaning time. It is impervious to water based stains.

Stainblocker Spray™ **Fiber Protector**

Economical water based fluorocarbon stain repellent and soil retardant. Easily applied by spray application. Dries quickly with no solvent odor and little risk of damage to furniture or woodwork. This is effective on all carpet fibers.

TopCare® Pro-Block Fiber Protector™ **DuPont Zonyl® Fiber Protector**

A water based stain repellent and soil retardant containing DuPont Zonyl®. Easily applied by spray application. Dries quickly with no solvent odor and little risk of damage to furniture or woodwork. Effective on all carpet fibers and protects from red dye. This product meets or exceeds all manufacturers recommendations.
